

# Handwashing

To wash hands properly, rub all parts of the hands and wrists with soap and water or an alcohol-based hand rub. Wash hands for at least 15 seconds or more. Pay special attention to fingertips, between fingers, backs of hands and base of the thumbs.

- Keep nails short
- Remove watches, rings and bracelets
- Do not use artificial nails
- Avoid chipped nail varnish
- Wash wrists and forearms if they are likely to have been contaminated
- Make sure that sleeves are rolled up and do not get wet during washing

If you have any questions regarding cuts, sores, allergies or pre-existing skin conditions, call Telehealth Ontario at 1-866-797-0000, TTY 1-866-797-0007.
