

Next Steps

MINISTRY REVIEW PROCESS: Full application submissions will be evaluated by third-party reviewers and the Ministry of Health according to standard criteria that reflect the readiness and ability of teams to successfully implement the model and Year 1 expectations for Ontario Health Team Candidates.

Following evaluation of the Full Application there are two possible outcomes. Teams will either be:

1. Invited to move to the final stage of evaluation or;
2. Continue to work towards readiness as a team *In Development*.

Those teams evaluated as most ready to move to the final stage of evaluation may also be invited to participate in community visits, which will then further inform the final selection of the first cohort of Ontario Health Team Candidates.
